# RAUVISIO Brilliant

## Exclusive, seamless surfaces

As the latest generation of high-gloss laminate, RAUVISIO brilliant is indicative of current trends in furniture and home design. Thanks to its vibrant depth effect, RAUVISIO brilliant replaces high-quality lacquered elements in a surface design and offers an excellent solution for vertical front panels.

The high-gloss acrylic and matt surfaces are laminated onto super refined MDF using PUR glue in a clean room environment to ensure a smooth finish. All REHAU RAUVISIO acrylic sheets are sourced from Europe and are based on the know-how and experience of more than 60 years. Though REHAU has started in 1948 with three employees, the company now proudly distributes their product globally and has expanded to all continents.

## Product advantages

### Scratch resistance

High scratch resistance in daily use

### Colour stability

RAUVISIO brilliant fronts are colour and UV-stable
